

# COMPREHENSIVE INCIDENT PREVENTION

## Revolutionize how you track, analyze, and prevent incidents

Being able to understand what incidents are most likely to occur and preparing your employees to anticipate and prevent them before they happen are crucial to decreasing workplace incidents. However, this can be nearly impossible without the right tools and methods. That's why EHS Hero® developed the Incident Reporting and Investigation tool to help you gather the right data and leverage it to prevent incidents before they actually happen.

### Key features:

- ✓ Simple drop-down and checkbox forms with custom fields tailored to meet your needs
- ✓ Insightful analytics and roll-up reporting
- ✓ Access to incident reporting and tracking from anywhere, with mobile offline capabilities
- ✓ Customized email notifications for alerts and action items

### Key benefits:

- ✓ Streamlined incident tracking
- ✓ Meet DOT, MSHA, and OSHA reporting requirements
- ✓ Increased visibility into trends and potential risks
- ✓ Improved safety decision-making

Keep track of all incidents and near misses, automate your reporting, and prevent incidents before they happen with EHS Hero's Incident Reporting and Investigation Tool.
